Re: $142,235,000
New Jersey Housing and Mortgage Finance Agency
Multifamily Housing Revenue Refunding Bonds
(Presidential Plaza at Newport Project-FHA Insured Mortgages)
1991 Series 1
Interim Arbitrage Rebate Analysis
Computation Period: October 17, 1991 through October 16, 2021

Ladies and Gentlemen:

This report (the "Report"), which is being delivered to you pursuant to our engagement letter, consists of computations and the assumptions on which such computations are based with respect to the rebate liability of the New Jersey Housing and Mortgage Finance Agency (the "Issuer") in connection with the above-captioned issue (the "Bonds") for the above-referenced period (the "Interim Computation Period").

The computations herein are based on an analysis of existing laws, regulations, and rulings. The Department of the Treasury ("Treasury") may publish additional regulations and supplement, amend, or interpret such laws, regulations, and rulings from time to time, with the result that the amount of rebate liability described in the Report may be subject to adjustment under such future pronouncements.

The scope of our engagement was limited to preparing the Report, based on information supplied to us by you. In addition, this Report is largely based upon information as set forth in the prior arbitrage rebate report dated December 17, 2008, prepared by Willdan Financial Services (the "Prior Report"), which we have relied upon without independent confirmation, verification or investigation of the information set forth therein. Except as specifically noted herein, we have not recalculated or reconfirmed any calculations, assumptions, or tax analyses as set forth in such Prior Report, nor have we consulted with the Issuer or bond counsel or examined source documents or materials with respect to the matters or information set forth in the Prior Report. As such, the scope of our engagement was limited to making calculations of rebate liability from the last computation date as set forth in the Prior Report, October 16, 2008 (the "Prior Computation Date"). Among other matters, we relied upon information regarding the cumulative rebate liability as set forth in the Prior Report, and the value of nonpurpose investments as of the Prior Computation Date were relied upon as fact. Consequently, the only investments treated as being subject to the rebate requirement with respect to the Bonds were those valued (by treating such investments as nonpurpose receipts) on the Prior Computation Date as set forth in the

Prior Report. Unless specifically addressed herein, no other proceeds or amounts were treated as gross proceeds of the Bonds by consequence of transferred or replacement proceeds since the Prior Computation Date as set forth in the Prior Report.

In accordance with our engagement letter, our engagement did not include determination of whether securities allocable to proceeds of the Bonds were purchased at fair market value within the meaning of the Treasury Regulations, or an audit or review of the investments acquired with gross proceeds or the payment of debt service on the Bonds. With your permission, we have relied entirely on information provided by you and contained in the Prior Report without independent verification, and we express no opinion as to the completeness, accuracy, or suitability of such information for purposes of calculating rebate liability with respect to the Bonds. We have undertaken no responsibility to audit or review the tax-exempt status of interest on the Bonds or any other aspect of the Bond program. We are under no obligation to consider any information obtained by us pursuant to this engagement for any purpose other than determining such rebate liability. Also, we have no obligation to update this Report because of any events occurring, changes in existing laws, regulations, or rulings or interpretations thereof, or data or information received, subsequent to the date hereof.

For the Interim Computation Period October 17, 1991 through October 16, 2021:

Allowable Yield on Investments:	7.420898%
Rebate Payment Due:	$0.00

As set forth on Schedule A herein, no payment is required to be made to the United States on or before December 15, 2021 (60 days October 16, 2021, the end of the thirtieth Bond Year). As no payment is due to the United States, no Internal Revenue Service Form 8038-T need be filed.

The next rebate installment payment will be due not later than December 15, 2026 (60 days after October 16, 2026, the end of the thirty-fifth Bond Year). Should the Bonds be retired prior to October 16, 2026, 100% of the Cumulative Rebate Liability (reduced by any applicable computation date credits) as of such retirement date will become due and payable within 60 days.

This Report is not to be used, circulated, quoted, referred to, or relied upon by any other person without our express written permission.

Very truly yours,

BLX Group LLC

Re: $142,235,000
New Jersey Housing and Mortgage Finance Agency
Multifamily Housing Revenue Refunding Bonds
(Presidential Plaza at Newport Project-FHA Insured Mortgages)
1991 Series 1
Interim Arbitrage Rebate Analysis
Computation Period: October 17, 1991 through October 16, 2021

Ladies and Gentlemen:

This opinion is being delivered to you pursuant to our engagement to provide certain legal services and accompanies a report (the "Report") prepared on the date hereof by BLX Group LLC ("BLX") consisting of computations and the assumptions on which such computations are based with respect to the rebate liability of the New Jersey Housing and Mortgage Finance Agency (the "Issuer") in connection with the above-captioned issue (the "Bonds") for the above-referenced period (the "Interim Computation Period"). In particular, we note that our opinion is specifically subject to the notes and assumptions contained in the Report.

The opinion expressed herein is based on an analysis of existing laws, regulations, and rulings. The Department of the Treasury ("Treasury") may publish additional regulations and supplement, amend, or interpret such laws, regulations, and rulings from time to time, with the result that the amount of rebate liability described in the Report and in this opinion may be subject to adjustment under such future pronouncements.

The scope of our engagement was limited to preparing this opinion, based on information supplied to us by you, BLX, and BNY (the "Trustee"). In addition, this Report is largely based upon information as set forth in the prior arbitrage rebate report dated December 17, 2008, prepared by Willdan Financial Services (the "Prior Report") which we have relied upon without independent confirmation, verification or investigation of the information set forth therein. Except as specifically noted herein, we have not recalculated or reconfirmed any calculations, assumptions, or tax analyses as set forth in such Prior Report, nor have we consulted with the Issuer or bond counsel or examined source documents or materials with respect to the matters or information set forth in the Prior Report. As such, the scope of our engagement was limited to making calculations of rebate liability from the last computation date as set forth in the Prior Report, October 16, 2008 (the "Prior Computation Date"). Among other matters, we relied upon information regarding the cumulative rebate liability as set forth in the Prior Report, and the value of nonpurpose investments as of the Prior Computation Date were relied upon as fact. Consequently, the only investments treated as being subject to the rebate requirement with respect to the

orrick

Bonds were those valued (by treating such investments as nonpurpose receipts) on the Prior Computation Date as set forth in the Prior Report. Unless specifically addressed herein, no other proceeds or amounts were treated as gross proceeds of the Bonds by consequence of transferred or replacement proceeds since the Prior Computation Date as set forth in the Prior Report.

In accordance with our engagement letter, our engagement did not include work performed by prior counsel, independent determination of which funds were subject to or exempt from rebate, determination of whether securities allocable to proceeds of the Bonds were purchased at fair market value within the meaning of the Treasury Regulations, or an audit or review of the investments acquired with gross proceeds or the payment of debt service on the Bonds. With your permission, we have relied entirely on information provided by you, BLX, the Trustee, and information contained in the Prior Report without independent verification, and we express no opinion as to the completeness, accuracy, or suitability of such information for purposes of calculating rebate liability with respect to the Bonds. We have undertaken no responsibility to audit or review the tax-exempt status of interest on the Bonds or any other aspect of the Bond program. No opinion is expressed on any matter other than rebate liability to the extent set forth below, and we are under no obligation to consider any information obtained by us pursuant to this engagement for any purpose other than determining such rebate liability. Also, we have no obligation to update this opinion because of any events occurring, changes in existing laws, regulations, or rulings or interpretations thereof, or data or information received, subsequent to the date hereof.

Based on and subject to the foregoing, and subject to the notes and assumptions contained in the Report, in our opinion, the computations shown in the Report were performed in accordance with applicable federal law and regulations and reflect the following:

For the Interim Computation Period October 17, 1991 through October 16, 2021:

Allowable Yield on Investments:	7.420898%
Rebate Payment Due:	$0.00

This opinion is not to be used, circulated, quoted, referred to, or relied upon by any other person without our express written permission.

Very truly yours,

Orrick, Herrington & Sutcliffe LLP

ORRICK, HERRINGTON & SUTCLIFFE LLP

NOTES AND ASSUMPTIONS

1. The Dated Date of the Bonds is September 15, 1991.

2. The Issue Date of the Bonds is October 17, 1991.

3. The Interim Computation Period is October 17, 1991 through October 16, 2021.

4. Consistent with Section 21 of the Certificate as to Arbitrage, the Bonds constitute one issue for federal taxation purposes and are not treated as part of any other issue of governmental obligations.

5. Consistent with the Prior Report, the end of the first Bond Year with respect to the Bonds for purposes of determining installment computation dates is October 16, 1992. Subsequent Bond Years end on each successive October 16 until no Bonds remain outstanding.

6. Computations of yield are based on a 360-day year and semiannual compounding.

7. As set forth in Section 8 of the Certificate as to Arbitrage, and consistent with the Prior Report, the Bond yield has been calculated to be no less than 7.420898%. We have not verified or recalculated such yield.

8. The purchase price of each investment is at fair market value, exclusive of brokerage commissions, administrative expenses, or similar expenses and is representative of an arm's length transaction which did not reduce the rebate amount required to be paid to the United States. We have assumed no broker fees were paid by any party with respect to any investment contracts acquired with gross proceeds.

9. The Bonds are not, in whole or in part, "refunded" bonds. The Bonds are, "refunding" bonds, the proceeds of which were used to currently refund the Issuer's Multi-Family Housing Revenue Bonds, 1985 Series F and 1985 Series G (collectively, the "Prior Bonds"), and, therefore, give rise to transferred proceeds from the Prior Bonds pursuant to Temporary Treasury Regulations Section 1.148-4T(e)(2). Accordingly, as proceeds of the Bonds are used to pay principal, interest, or call premium on the Prior Bonds: (i) proceeds of the Prior Bonds cease to be treated as proceeds of the Prior Bonds, and (ii) are instead treated as proceeds of the Bonds. We have assumed such transfers were properly taken into account in the Prior Report and that as of the Prior Computation Date, all such transfers have occurred.

10. The only funds and accounts established relating to the Bonds are the following:
    Revenue Account
    Escrow Fund
    Debt Service Reserve Account
    Construction Account

    In addition, we have established the Reserve I, Reserve II, Liquidity I, and Liquidity II Accounts to track proceeds of the bonds invested therein.

11. The Reserve (to the extent monies are used to make the last payment of debt service on the Bonds) and Revenue Accounts collectively constitute a bona fide debt service fund, and are not taken into account in determining Cumulative Rebate Liability for a Bond Year if aggregate earnings on this fund do not exceed $100,000 in that Bond Year. Since the Prior Computation Date, this fund has not had aggregate earnings of $100,000 or more in any Bond Year and, therefore, was not taken into account in determining rebatable arbitrage.

12. Since the Prior Computation Date, the only funds to contain gross proceeds of the Bonds were the Reserve I, Reserve II, Liquidity I, and Liquidity II Accounts.

13. Under the Regulations, acquisition of "Purpose Obligations" with gross proceeds (as that term is defined in the Regulations) are treated as expenditures of such proceeds. Pursuant to such provisions, we have treated acquisitions of mortgages as expenditures for purposes of identifying relevant cash flows with respect to the gross proceeds of the Bonds.

14. The applicable computation date credits were taken into account in determining the Cumulative Rebate Liability with respect to the Bonds. See Schedule A herein.
